Letter of Appreciation

We would like to express our satisfaction and appreciation to **Pixels Infotech, Hyderabad** and the project team members for their excellent effort and teamwork towards successfully developing and maintaining a Dynamic Website www.incometaxhyderabad.org for us. We also admire about their aspiration for their prompt and flawless quality deliverables.

What strikes me most about the team and senior management is their "can do" attitude and cheerful willingness to try new things, and find new solutions. The project was very complex & challenging in nature. But they have shown a great level of understanding and professionalism during the complete process and launched the complete project within timeframe.

I would and will highly recommend Pixels Infotech to anyone who is looking to create quality web applications from a truly professional and responsive company with excellent customer service and delivers in a timely manner.

Your's sincerely,

(Shaik Nur Mohammed)

Assistant Director (Systems), Hyderabad.
